

Dear Expectant Parent,

We are thrilled beyond words that you would consider us as an adoptive family for your child! We have lots of love, laughter, and opportunities to share. We have a personal friend who is a birthmother, and through her we have gained some insight into the thoughts and feelings that go into making this difficult decision. Just as this is a walk of faith for you, it is for us as well!

We are a family of three including our 4 year old son, Ian. We also have a black lab named Jake, who is 8 years old. We live in a quiet family neighborhood that is a great place to grow up. There are 3 parks, walking trails, and many other children to play with. Our house is on a cul-de-sac where the kids like to make lots of laps on their bikes! Our family is very active in the outdoors. In the winter we enjoy skiing and snowshoeing, as well as the occasional trip to the hot springs. One of our family's winter traditions is to venture into the national forest and find the perfect Christmas tree for our home. In the summer, we like to camp, hike, swim and water ski. When we are not out doing something we can be found at home enjoying leisurely evenings in the back yard or taking a walk around the neighborhood. One set of grandparents lives out of state so we often meet up with them at Lake Powell for boating, tubing, waterskiing and relaxing. The other set of grandparents lives in Montana and they frequently join us for camping trips or Sunday dinners.

Our son, Ian is a typical little boy. He enjoys skiing and sledding in the winter, jumping on the trampoline next door, swimming at the hot springs, and riding his bike and toy dump truck in the cul-de-sac. He occasionally talks about his dreams, which include a brother or sister.

We both work for companies that provide excellent flexibility regarding special occasions and time off for school functions. This last year we were both able to attend his school Halloween party, pumpkin patch field trip and other various events. Ian attends day care/preschool 4 days a week, and at the end of the day we enjoy sitting down as a family for dinner and reading books before his bedtime. As a couple, we then spend time together catching up on the day and may catch one of our favorite TV shows.

No matter your decision on the level of openness in our relationship, we want you to know that in our family, you will always be honored and your gift to our family will always be treasured! May God bless you!

Sean, Michele, Ian and Jake
