

Dear Expectant Parent(s),

We admire you for exploring your options as you prepare for the arrival of your child. We pray your heart will lead you to a choice that feels right. Thank you for taking time to read our story and get to know us a little bit.

We are Kevin and Leah. After chasing Kevin for quite a while during college, I (Leah) almost gave up! He came around, and we have now been married almost 5 years. From the start, we dreamt of raising children together in our rural lifestyle. After several years without conceiving, we spent many months deciding what was next. We felt our hearts leading us to adoption-and here we are!

I, (Leah), grew up in Eastern Montana. My family raised crops and cattle. I have 2 older brothers. Life on the farm consisted of sports and school activities, farm work, road trips to family reunions, and the county fair! After college, I worked as a Veterinary Technician, and as a Field Agronomist. I gave up my job recently to work on our ranch. This change has allowed me to focus on our adoption planning, and my side business of raising sheep. I love to garden, cook, bake, attempt DIY projects (like tanning hides, canning, candle making), play fetch with our dog, travel, laugh with friends, and listen to live music!

I, (Kevin), grew up less than a mile from where we live now. I have 2 sisters, and am the middle child. Some of my favorite memories of my childhood include having breakfast with my Grandma before school, and fishing with friends after school! We went camping in the mountains often, and I spent a lot of time playing football and basketball. After college I returned home to join the family business. We raise malt barley, winter wheat, and beef cattle on our fifth-generation farm and ranch. I enjoy hunting birds with my friends, attending MSU Bobcat Football games, and bowling.

Together, we live in a small craftsman home in a creek bottom, surrounded by trees and pastures of cows, sheep, and wildlife. Our home is just a few miles from a town of about 150 people. We love our small community and enjoy being involved in various organizations that benefit our town.

We have a yellow lab named Jessie, who loves to hunt birds with Kevin and play fetch. Our yard cats provide endless antics while we grill and do yard work! We enjoy fishing in the creek behind our house, working on the ranch, and hosting neighborhood parties. Both of us love kids. We are blessed by great friends who share their children with us and fill our home and yard with fun!

We are both close to our parents and siblings. We have 4 nieces and 2 nephews. Our big toy box and swing-set are always ready for them to visit us. Our families are excited for us to adopt!

We were both raised in Christian homes. Our families enjoy sharing our faith through traditions, prayers, and open discussion about God and our beliefs as Christians. We attend Mass in a local town regularly, where Leah helps lead the music.

Thank you for taking time to get to know us. We can't fully understand the magnitude of this decision for you, but we pray whatever it may be, will bring you peace.

Respectfully-Kevin and Leah
